Hi Helen, I will be in the office Monday morning.

I sent you a meeting request for Monday to go over the plan for next week. Based on today, the expectation is that Trish and Bill will go out with Joanna (and I'm assuming an OSC) in teams to deliver the data packages Tuesday evening into Wednesday morning. The press statement will go out Wednesday afternoon-ish. All subject to change of course. :)

Thanks guys...you'll do a great job as always. Talk to you Monday or call me anytime over the weekend if you want/need to.
